

WOOD BASED FLOORING

...because life happens!

BENEFITS AT A GLANCE

Eco-Friendly - Environmentally friendly and made with over 90% wood that is sourced from sustainably managed forests

Waterproof - The collections offer waterproof surface protection with a hydrophobic coating that limits any water permeation

Abrasion Class AC4 - The AC4 rating means superior protection from everyday wear and tear from general traffic

Realistic Texture - The high quality wood structures uses elegant contrasting and enhanced multi-gloss effects to emphasize the depth of wood with matte and gloss elements that reflect light differently

Scratch & Stain Resistant - This durable surface will protect your floors against micro-scratches that can occur through heavy use

Easy Installation - The installation technology makes installation as easy and hassle free as possible. The advanced installation system creates a waterproof surface in a fraction of the time and can be installed by anyone
